FABRIC CARE & WARRANTY

Fabric Care

General marking and mould is inevitable for outdoor fabrics, prompt attention to the affected area will minimise the chance of staining or fabric degradation.

To obtain the maximum life from Outdoor mesh products, the following points should be noted:

1. Keep the fabric clean by brushing regularly both on the top and underside with a soft bristled brush and by hosing occasionally with clear, cold water.
2. No powered, high pressure washers to be used for cleaning fabric. **Warranty will be voided.*
3. Do not apply soaps, detergents, cleaning fluids or insecticides.
4. Keep petrol, oil, solvents, kerosene and other similar fluids away from the fabric.
5. Do not allow bird droppings, earth, sand, or vegetable matter to remain in contact with the fabric.
6. It is important that an Outlook awning or blind is let down to dry after wet weather and should not be rolled up or stowed away when wet. Outdoor furniture and cushions should also be dried before storing away.

Stubborn Stains

Clean throughout with non-abrasive household cleaners, diluted rubbing alcohol or diluted bleach - 1:20 concentration. Rinse immediately with clean water and dry thoroughly.

Any defects found with regard to mesh configuration, dimension, strength or colour that exist at the time of initial delivery, must be reported to Ricky Richards within a reasonable period of time before fabrication or installation of the material.

How long is the coverage period?

The warranty coverage runs for 10 years from the date of purchase.

What will Ricky Richards, the distributor for Outlook mesh do?

Ricky Richards will provide new fabric, at no cost, to replace the non-functioning fabric. This warranty does not cover the cost of labour or other consequential or incidental expenses.
